

Strategic Plan 2019 - 2021

Dec. 30, 2018

Vision, Mission, Beliefs, Principles

Literacy for Life Foundation identifies the following set of beliefs and principles to guide its operation and each program of service. They were reviewed and affirmed.

Vision, Mission, and Guiding Principles

Vision: Literacy and learning are integral parts of the community where everyone has the essential skills to live a fully engaged life.

Mission: Literacy for Life (LFL) is a registered charitable organization in the M.D. of Foothills that facilitates, designs, and delivers literacy and learning programs and services to improve the lives of community members and their families.

WE VALUE:

INTEGRITY - we employ the highest ethical standards, demonstrating honesty and fairness in every action we take.

COMMUNITY – our communities are our neighbours. Their acceptance of us is vital to our success.

COLLABORATION – we promote and develop effective partnerships to maximize our resources & potential and to achieve the best results for those we serve by working together, sharing ideas and recognizing the contribution of others, all the while leveraging our collective knowledge.

EXCELLENCE – our staff and volunteers are committed in heart and mind, consistently demonstrating professional behaviours exemplifying objectivity, impartiality, creativity, and innovation in the pursuit of literacy and learning in every context.

CARING – we care about those we serve, our fellow staff and volunteers and their families.

TRUST & PERSONAL RESPONSIBILITY – we hold ourselves and each other to the highest standards and are accountable for our actions and decisions.

COMMUNICATIONS – we communicate in a constructive, open and supportive manner, listening carefully to those we serve and work and act upon expectations with forethought and flexibility.

Our actions behaviours and decisions are guided by the following principles:

<u>AUTONOMY</u> - a person's literacy impacts his or her, social emotional and physical health and ability to make choices in life. Literacy and learning choices should lead to self-reliance and independence.

<u>ACCESSIBLE</u> - literacy and learning Programs and Resources should be available locally and to all families and individuals who need them.

<u>LEARNER CENTERED</u> – our Programs and resources should be learner centred and create opportunities for people to discover and reach their potential in everyday living. Our role is that of providing opportunity, not knowing what is best for those we serve.

<u>RESPECT</u> – our interactions with the people we serve and work with should include acknowledgement and the utmost respect for our personal differences.

NCLUSIVE – our Programs and Services should be available to everyone, regardless of their backgrounds, beliefs and lifestyles.

<u>PLAY</u> – play is a critical element in learning and should be integrated, whenever possible, with our Programs and Services and the message we share with individuals, families and the community.

<u>AFFORDABLE</u> - basic literacy and learning programs should be affordable for all who need them. No one should be left behind.

<u>PERSONAL RESPONSIBILITY</u> – individuals and families should, whenever possible, take personal responsibility to meet their literacy and social needs.

<u>LITERACY DEFINED</u> - literacy is more than reading and writing. It should include all aspects of communication and human interaction including listening, reading & document use, numeracy, speaking, writing, technology use, playing & working with others and critical thinking & reflection.

Big Hairy Audacious Goal

The Board of Literacy for Life Foundation recognized that this is a living document and the Board and Staff need to be fluid and adaptable over the next 3 years as the organization goes through a transition. It is an exciting time with opportunities for growth and change.

In the next 3-5 years Literacy for Life Foundation is a financially stable non profit organization focused on the enhancement and education of the 9 essential skills; reaching 4000 people annually in the County of Foothills and is recognized as a leading developer and implementer of literacy programming in Alberta

The Board of Literacy for Life Foundation needs an individual with the following skills to accomplish the Strategic Priorities: The priorities are not listed in order of importance.

- 1. Literacy for Life Foundation has had one Executive Director (ED) who was the founder of the organization. Over the 21 years, Board and the ED relationship was relaxed and based on a long term relationship. With the ED exiting there will be an increase in depth of involvement of Board members, now, and in the future. The new ED and Board will be required to work together to define roles and responsibilities creating a strong foundation for board governance and operational management of the organization. Includes but not limited to:
 - Exploration of roles and responsibilities includes recruitment of board members and supporting the financial sustainability of LFL
 - Exploration of Board meeting process and training of board members
 - Final approval of board and operational policy as well as ensure policy continues to be updated and current.
- 2. Strategic Priority Two: maintain, deepen and expand partnerships. The discussions with Calgary/Alberta Reads, Bow Valley College and Boys and Girls Club and Advanced Education as it relates to PD development, are all important considerations that will impact on the long term growth of Literacy for Life Foundation. The new ED will need strong skills in building partnerships and working in collaboration, within the nonprofit world, to successfully support the Board in meeting this strategic priority.

- 3. Strategic Priority Four: Build and establish a funding and resource plan that strategically aligns with strategic priorities 1,2 and 3. This priority will help create a solid foundation for growth. To move this plan forward the new ED will need excellent skills and knowledge on building financial and people resources within the nonprofit world.
- 4. The strategic priorities can be met through utilizing the human resources within the organization. At the present time operations are effective and meeting the needs of the community, within the constraints of the available human and financial resources. The timelines in the strategic plan allow for the new ED to learn about the existing programs and delegate and use strengths of the existing staff as they learn the systems and frameworks of Literacy for Life Foundation. A strong background in leadership will be an asset for the new ED to manage the bumps of transition and the emotions connected to the change, that will be inherent in LFL long term employees.
- 5. The strategic priorities are not listed in order importance. The existing ED and Board will do some preparation from Jan 2019 to June 2019, in all strategic priorities however Strategic Priorities 2 and 4 will be the focus. Tasks will be tracked to ensure the new ED has a good starting point. Board members will be assigned a strategic priority to oversee.

Strategic Plan was approved as presented at February 25th 2019 Board Meeting.
