Message from the Chair:

Thank You for giving me the opportunity to serve as your board chair this year.

What a busy year we have had! With Sue's retirement in June, we were fully consumed with our transition committee, who worked with Impact 8, to initiate and complete the search for a replacement ED which proved to be a great learning and development experience for Literacy for Life board members. The search yielded a good candidate that was on-boarded but unfortunately was not the correct fit and they departed the organization. To this end, the board members stepped up to work with Nicole Levesque, our Program Coordinator, to continue with our program roll outs and execution, and also adjust staffing accordingly to ensure fiscal management of our funding. Nicole has stepped up regarding running the company from a business management perspective and was promoted in October 2019 to Program Coordinator / Manager of Literacy for Life after board review and approval. Our board, staff and literacy partners participated in a facilitated working session to work on Strategic planning preparation and focused on the program delivery key performance indicators, as well how we impact the community and ideas on how programs could be more effective. We were fortunate enough to have been chosen again to partner with the SHAW Classic, Birdies for Kid's Program, which added to our fundraising efforts, and we continue to raise Literacy for Life's profile in the community.

We said goodbye to Sue Stegmeier in June of 2019 after a successful career as the founder of LFL, and a much valued and engaged member of the community. We executed another successful 'Grate Grown-Up' Spelling Bee. Finally, and perhaps most significantly, with all the changes within LFL over the last year in transitioning the ED position we have realized our internal capacity is extensive within the LFL family of staff, developers, and trainers whom have all pulled together to embrace change to ensure LFL is sustainable as we continue to provide excellent programs!

I have so much gratitude for the Nicole, the staff, contract instructors, and our board members for their continued commitment and work ethic...and a special thanks to Lindsay and Anna-Marie, whom have spent many hour of their volunteer time and been valuable through the transition challenges to provide clarity and stability to the staff. The transition of our ED position is not complete, we have a good outlook on where we need to go and will continue to work with our consultants Carlo and Heidi of Impact 8, to review our internal capacity, outsource as needed and continue to work on laying the foundation for LFL's continued sustainability, funding, measurement of performance indicators to assist all in making the right decisions for the organization.

I will be stepping away as chair in 2019 -2020 as my capacity to give the time that is required has diminished over the past year with my full-time job and family life balance.

I thank you all for making Literacy for Life as great place to be associated with and wish you all the best and continued success in the years ahead.

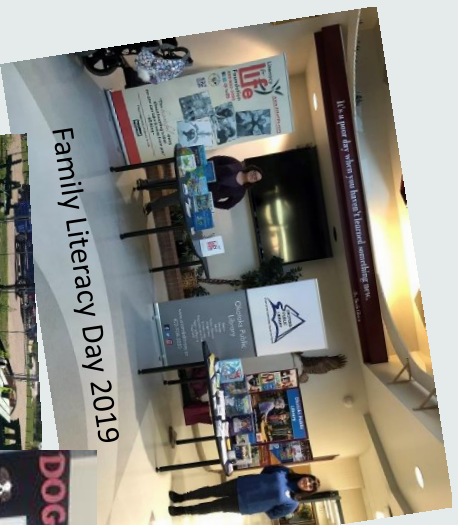

Best Regards,

Shane Tjessen

Chair

The mission of the organization is to facilitate, design, and deliver literacy and learning programs and services to improve the lives of community members and their families. **We did that!**

Literacy for Life has several “Thank yous” we would like to say for this past programming year!

We would like to acknowledge the Board for their time, support, expertise and resources as they contribute to the organization throughout the year. With their help we continue to plan to accommodate changes to ensure the long term sustainability of our organization. Your talents, insights, and contributions are valued in your passionate governance, thank you!

To all our dedicated volunteers that work with adult clients, Books for Babies, Dog Tales, fund raising, such as casinos, the Grate Groan Up Spelling Bee, selling raffle tickets and community BBQs, thank you!

Finally, a big thank you to all of our staff, both front line and in the office, that carry out the mission of Literacy for Life day to day and give their all so that our community members have the essential skills to live fully engaged lives.

In November 2017 staff and Board met to discuss vision, mission and guiding principles. The picture above reflects the organization’s journey as it works towards its destination. The end result is an organization that meets the needs of community members in the MD of Foothills. Staff, board, and stakeholders met again in November 2018 to continue the conversation. In the new year (2020) the Board will create the 2019 – 2021 Strategic Plan.

Dear Friend of Literacy for Life Foundation,

We are reaching out to you during our fall fundraiser to ask for your help, as our organization is facing some tough financial times. Literacy for Life is experiencing a funding shortfall which will impact our ability to run the parent-child pre-school programs such as Rhythm & Rhyme, Movers & Shakers, Toddler Time, Natured Kids to the capacity we have in the past.

We know these programs are vital for our community but in order for us to continue to offer them we are in need of donations at this time. LFL understands the importance of keeping these parent-child programs free or low cost of the families that access them. However, we also recognize that in order to keep providing these programs we have to get better at asking the community for help. LFL understands the importance of keeping these parent-child programs free or low cost for the families that access them. However, we also recognize that in order to keep providing these programs we have to get better at asking the community for help.

We are asking for your help to raise \$100,000 in conjunction with our upcoming fall fundraising campaign.

If 5000 people who have benefitted from Literacy for Life's programs donated only \$20.00 each the organization could get back on track and move towards creating more financial sustainability in the future.
